

I thought of comparing variety of English
& German Birds after p 1216

There is very little information except of
inference, about fertility of the crossed
canary-bird =

80

217 Hb. humilis inflo. Bull-joint & Clear Lake (n. 2)

252 Canary with black throats.

289 *Samolus* bird 12 Jan

319 live to 15 years old - the 25 years

312 *Hypotaenidia* Different Dancers, some are *Hypotaenidia*, unidentical.
